Twelve Steamers, Bridge Across  
Neva and Gun Works Reported Destroyed.

BERLIN, July 30, via Sayville, July 31.—Reports of a great conflagration at Petrograd, in which a bridge across the River Neva, several large steamers, including several transatlantic liners, and the Putiloff gun works and other establishments were destroyed, are printed in the Lokal Anzeiger. In its account of the fire the newspaper says:

"On Tuesday the wooden palace bridge across the Neva took fire at several places. Immediately flaming pontoons drifted to Vassili Ostrov (Basil Island), where a huge fire broke out, and also to the port, where twelve large steamers, including several transatlantic liners, a floating dock, the Putiloff works and other establishments took fire."

"The police suspect that the conflagration was the work of anarchists, who planned to burn all public buildings being used for military purposes."

Vassili Ostrov, or Basil Island, contains the most important insular section of the Russian capital. The part of the island facing the admiralty contains the bureau, the buildings of the University of Petrograd and of the Academy of Sciences, the Academy of Arts, the Mining Institute, the zoological garden and the Semenov gallery of paintings.

## OLD FATHERS BACK IN JESUIT CHANGES

Transfer of Popular Catholic Teachers Follows Time-Honored Custom of Order.

REV. P. F. CONNIFF.

Transfer of a number of popular teachers and the return of old favorites to Washington is announced in the Jesuit faculty changes given out today at Gonzaga College and Georgetown University.

These changes are in accordance with instructions from Very Rev. Anthony J. Maas, S. J., provincial of the Maryland-New York province, and are announced, according to Jesuit custom, on the feast day of the patron saint of that order, St. Ignatius Loyola.

There have been comparatively few changes among the Jesuits in the south this year. The one of most interest to people in Washington is that Rev. J. G. Geale, for seven years at St. Aloysius parish and Gonzaga College, is made pastor of St. Ignatius Church, Baltimore, succeeding Rev. John D. Whitney, who was formerly president of Georgetown University, and one of the most popular men who ever held that office.

In St. Aloysius Parish.

Father Geale while in Washington was in charge of the St. Aloysius Church and the League of the Sacred Heart at St. Aloysius and for several years vice president of the "Father Minister" at Gonzaga College.

Father Whitney will remain at Loyola as assistant in charge of the parish and as "father minister." He is retired on account of ill health and in compliance with his own request some time ago.

Rev. Thomas L. Delahant, S. J., formerly of Georgetown, and a very popular orator, who recently preached a retreat in Georgetown and at Trinity College, has been assigned from Loyola College faculty to the mission band and for ten months each year will travel about the country preaching missions.

The most important changes at Georgetown University are the return of Rev. William R. Cowardin as spiritual director and the advent of Rev. Vincent S. McDonough to succeed Rev. Thomas A. Emmet.

Rev. P. R. Conniff in Charge.

At Gonzaga College and St. Aloysius parish Rev. Paul R. Conniff, who was appointed rector early in June, has assumed full charge of the college and parish affairs. He came originally from Omaha, N. Y. For a time he was vice president of the college, succeeding Rev. Edward A. Finck. Father McDonough will be remembered by a number of prominent business men of Washington whom he taught nearly a quarter of a century ago. Father Finck, who was formerly president of Gonzaga College, goes to Woodstock College as president.

Georgetown Faculty Changes.

Rev. William J. Cowardin, for many years identified with Georgetown as student and teacher, comes from Loyola College, Baltimore, to be spiritual director at Georgetown University.

Rev. Vincent J. McDonough comes from Poughkeepsie, N. Y., to succeed Rev. Thomas A. Emmet, who has been professor of discipline and moderator of the Athletic Society, and who has been appointed to the staff of the Jesuit College in Jamaica, West Indies.

Rev. J. F. X. O'Connor, spiritual director at Georgetown for two years, goes to St. Francis Xavier College, New York city.

Rev. Philip M. Finigan, professor of sophomore class at Georgetown, has been sent to Loyola College, Baltimore.

Rev. Herman I. Storck, formerly professor of chemistry at Fordham Medical School, comes to Georgetown to occupy the chair of organic chemistry.

Rev. Joseph A. Farrell, formerly at Georgetown for five years, returns as professor of history.

Rev. William J. Summers, last year at Loyola College, Baltimore, comes to Georgetown College department.

Rev. Arthur A. O'Leary, Charles G. Herzog and Leo A. Dore, who have been teaching sophomores, freshmen and history classes, have been transferred to Woodstock College, Md., to resume their theological studies.

Many Remain Unchanged.

The professors in languages and mathematics at Georgetown University will remain unchanged.

The teaching staff in the high school department will remain the same as last year. There are fewer changes in the faculty this year than there have been for many years. The students on their return will find in their new professors many old acquaintances.

The complete staff of the college department will be Rev. Alphonsus J. Donlon, S. J., president; Rev. David J. Roche, S. J., vice president; Rev. Peter Archer, director of astronomical observations; Rev. Francis Barnum, architect; Rev. James B. Becker, treasurer; Rev. Cyril Briones, professor of French; Rev. Aloysius Brosnan, professor of English; Rev. Vincent S. McDonough, professor of history; Rev. Vincent S. McDonough, professor of discipline; Rev. John F. Quirk, professor of metaphysics in the senior class; Rev. Henry J. Shandelle, librarian; Rev. Francis A. Tondorf, professor of biology; Rev. John J. Toohy, professor of logic in the junior

class; Rev. Herman I. Storck, professor of organic chemistry; Rev. A. H. Klocke, S. J., and T. J. McCarthy, S. J., go to Woodstock to study theology, and after three years will be ordained priests; Charles J. Robinson of Canisius College, Buffalo, N. Y., and Charles M. Roddy of Woodstock College, he on the faculty of Gonzaga this year; Rev. Joseph A. Farrell will remain in the city, but will be located at Georgetown University. Apart from the few changes mentioned the staff of last year remains the same.

## Gonzaga College Changes.

Other changes at St. Aloysius Church and Gonzaga College are: Revs. A. H. Klocke, S. J., and T. J. McCarthy, S. J., go to Woodstock to study theology, and after three years will be ordained priests; Charles J. Robinson of Canisius College, Buffalo, N. Y., and Charles M. Roddy of Woodstock College, he on the faculty of Gonzaga this year; Rev. Joseph A. Farrell will remain in the city, but will be located at Georgetown University. Apart from the few changes mentioned the staff of last year remains the same.

The faculty is as follows: President, Rev. Paul R. Conniff, S. J.; vice president and prefect of studies, Rev. Augustus J. Duarte, S. J.; professor of fourth year, Rev. Edward J. Sweeney, S. J.; third year, Charles M. Roddy, S. J.; second year, Rev. Henry J. Hagen, S. J.; Sanctus J. Catalano, S. J.; first year, William A. Whalen, S. J.; mathematics, Chas. J. Robinson, S. J.; Rev. William J. Brooks, S. J., is prefect of the church and Rev. George E. Kelly, S. J., is prefect of the schools. The other fathers engaged in parish work are Rev. Clement S. J. Custer, S. J.; Rev. John H. Mulligan, S. J.; Rev. John O'Hara, S. J.; Rev. John Scully, S. J.; and Rev. William J. Tynan, S. J.

The following former students of Gonzaga College, who have just completed their philosophical studies at Woodstock College, have the following assignments: Thomas A. Donoghue, S. J., Brooklyn College; Rudolph J. Elchorn, S. J., St. Peter's College, Jersey City; Joseph A. Farrell, S. J., in prefect of the church and Rev. S. J., and Aloysius E. Fuller, S. J., Regis High School, New York.

## GERMANS MOVED FAST IN CAPT. FRYATT CASE

Ambassador Gerard Had Little Time to Act on British Government's Request.

BERLIN, July 29, via London, July 31.—The swift procedure of the German field court-martial in the case of Capt. Fryatt of the British steamship Brussels left little time for action by the American embassy, which James W. Gerard undertook at the request of Viscount Grey, British secretary for foreign affairs.

The first notice that Capt. Fryatt was facing trial on the charge of having attempted to ram a German submarine came in a dispatch from Walter Hines Page, the American ambassador at London. Mr. Gerard, in a note to Herr Von Jagow, the German foreign secretary, immediately requested confirmation of the report and followed this with a second note asking permission to employ counsel.

## Missouri Politicians Waiting to Be 'Shown'

Leaders of Both Parties Settle Down Till Tomorrow's Primaries Are Over.

ST. LOUIS, Mo., July 31.—With chief interest centering in republican and democratic contests for the gubernatorial nomination and campaigning practically ended, political leaders today settled down to await the voting tomorrow in Missouri's primary, at which nominations will be made for United States senators, members of Congress and a long list of state officers.

Senator James A. Reed, candidate for renomination, has been opposed by A. L. Martin of Chillicothe. Three candidates are in the race for the republican senatorial nomination—Thomas J. Kins, St. Louis, candidate two years ago; Nathan Frank, St. Louis, and Walter S. Dickey, Kansas City.

Seven men seek the democratic nomination for governor and four candidates are under the provisions of the constitution. Although many progressive candidates for various offices withdrew, the name of Joseph P. Foster, who was voted upon by the legislature who will vote for a prohibitory law with a "peace clause and safety" clause attached.

Champ Clark, present Speaker of the national House of Representatives, is unpopular among the democrats and is not for Congress from the ninth district. Thirteen democratic and two republican members of Congress are candidates for renomination.

PENSIONS FOR EMPLOYEES.

CHICAGO, July 31.—Swift & Co. announced today that it had established a pension fund for its employees with a foundation of \$2,000,000. The fund, the accumulation of six years, will benefit employees of the company throughout the country. It is stated that more than 20,000 men and women are eligible to come under its provisions.

One of its features is that employees do not contribute to it, the company furnishing all the money. In this connection, the company says it expects to be called upon to pay \$400,000 a year in addition to the income from the fund in order to meet the demands. Pensions are limited to a minimum of \$240 and a maximum of \$5,000 a year. In Chicago alone 8,000 persons will come under the plan as outlined. A pension board has been organized, consisting of five members, who are officers or employees of Swift & Co.

Comment of the Press.

The Lokal Anzeiger says: "A discussion of the peace aims is not yet permitted. We assume that following the proclamation of the German national committee, the government now considers that the time has come to let down the bars on the censorship. We take it to be a self-understandable condition that the principle of equal rights for all will be applied here, and that what is permitted one will not be forbidden another."

The Lokal Anzeiger refers to its campaign for obtaining an honorable peace conditions and continues:

"We do not know yet what the differences between the German and the French are, but we know precisely that, if the freedom of speech is permitted one association, all the others have the same right."

## GERMANS TO DISCUSS WAR'S AIMS AND PEACE

Bars Against Public Utterances Likely to Be Let Down in Immediate Future.

BERLIN, via London, July 31.—There are indications that more freedom in the discussion of the war will be granted in the immediate future. The "German national committee" will begin a great speaking campaign Tuesday, with a list of speakers including many of the most prominent men in Germany.

At the same time "the independent committee" for obtaining an honorable peace will open its activities, and "the committee on the guiding principles for the way to a lasting peace" will convene in Munich.

## RUMOR THAT CARRANZA WILL QUIT HIS OFFICE

Believed He Will Retire Before Entering Race for Mexican Presidency.

LAREDO, Tex., July 31.—Venustiano Carranza is to retire as first chief of the de facto government of Mexico at an early date, and will be succeeded by Gen. Pablo Gonzales, according to information given out by Mexican administration circles in Nuevo Laredo.

Gen. Carranza will enter the field as a presidential candidate at the forthcoming general elections, it was said, apparently confirming recent unofficial advices from Mexico City, which intimated that the first chief would seek elevation to the presidency at the hands of the voters.

Will Plan for Election.

The conference of Mexican generals with Carranza soon to be held in Mexico City, according to these advices, will arrange for the call for general elections and for the retirement of the first chief. This conference was said to have been summoned to prevent possible friction in military circles over the proposed transfer of power.

While no date has been set for the conference, several high officers of the de facto government military forces have left the border within the last few days with the announced intention of proceeding to Mexico City to confer with Gen. Carranza, and it is believed in Nuevo Laredo that the accession of Gonzales to the administrative power will not be delayed long.

## Rumors of Cabinet Changes.

MEXICO CITY, July 31.—Persistent reports continue in circulation regarding possible changes in the cabinet, but there is no official confirmation of any of them. The arrival here of Gen. Pablo Gonzales led to reports that he would become a member of the cabinet, possibly minister of the interior. Another rumor is that Gen. Candido Aguilar, minister of foreign affairs, will be replaced by Gen. Francisco I. Madero, governor of Vera Cruz, being replaced by Eusebio Arredondo, Gen. Carranza's agent in Washington.

## DELICATE ISSUE RAISED.

Question of Deporting Subjects of Allies Now Agitating British.

Correspondence of the Associated Press.

LONDON, July 20.—Wide difference of opinion has arisen and the ground prepared for a controversy among the political leaders by the government's decision that the subjects of its allies in general, who are residing in England shall either enlist in the British army or be deported.

Particular objection to the decision has been engendered in so far as it may affect Russian subjects here, who may be political refugees, a large element of the more liberal thinkers in the public life priding themselves in the traditional asylum offered by England in this respect. Herbert Samuel, secretary of the home office, stated in the house of commons that the plan to deport those falling to enlist would not be enforced in the case of Russian subjects, if a tribunal decided that they are political refugees.

The suggestion has been made that instead of sending back to their own country Russian Jews who have left Russia for reasons known to everybody, though they are not exactly political refugees, they should be sent to America or deported to some other neutral country of their choice.

The desire to avoid offending Russian susceptibilities on the subject is in general, which reason the question is regarded as one of unusual delicacy. One group holds that the sending back of Russian Jews to their own country would gratify no important Russian sentiment, and might effect the reverse result.

## MIDDLE OF STREAM HIGHEST.

Obstructions Turn Parts of Current From the Banks.

Why the middle of a stream is higher than its margins during a flood is explained by a recent official statement of the geological survey. It has been seen that such a condition exists because driftwood goes toward the margin of a stream during flood time and returns to the middle when the head falls.
